MAKE-A-WISH® GOLF EVENT SPONSORSHIP OPPORTUNITIES

Monday, August 20, 2018
Pine Hills Country Club, Sheboygan

MAKE · A · WISH®
Wisconsin

ABOUT MAKE-A-WISH®

Make-A-Wish Wisconsin grants the wishes of local children battling life-threatening medical conditions to provide the hope, strength & joy they need to endure dark and challenging times.

The gift of a wish has a profound impact on the children we serve and their families! According to a national wish impact study, 95% of wish parents observed a wish come true made their child feel stronger, more energetic and more willing to comply with difficult, but vital, treatment regimens. For many, their wish marks a turning point in the fight against their illness!

Since the founding of Make-A-Wish Wisconsin in 1984, more than 6,200 families have experienced the transformative power of a wish. Last year we granted a record-breaking 400 wishes – more than a wish a day! Currently there are more than 380 wishes in progress. As wishes continue to increase in numbers, we need your help to reach our important goal of granting a life-affirming wish for every medically-qualified child!

HELP US CLOSE THE GAP

- Financial support for Make-A-Wish Wisconsin comes from a combination of individual, corporate & foundation donors.
- We are on pace to grant a record-breaking **412** wishes for Wisconsin children this fiscal year.
- More than **500** Wisconsin children will be diagnosed with a life-threatening medical condition this year alone.
- The average cost of a wish is **\$6,500** in cash expenses and **\$3,600** in donated goods and services.
- We have seen a **21%** increase in qualified wish referrals through our dedicated medical outreach plan.
- More qualified referrals = **greater need** for funds.

YOUR IMPACT

- **A wish** improves a child's state of mind, replacing fear with happiness and helping them to feel normal again.
- **99%** of parents reported that the wish experience gave their children increased feelings of happiness.
- **96%** of parents said the wish strengthened their families.
- **96%** of health professionals observe increases in children's emotional health after receiving their wish.
- **89%** of nurses, doctors, social workers and child life specialists believe that a wish experience positively influences a child's physical health.
- **85%** of parents observed a decrease in their children's anxieties and fears.
